Welcome

from Christine Yates, Show Secretary

How quickly the year passes when you're a gardener, there is always so much to do, and especially when you grow to show. It takes a lot more time and effort to produce the exhibits with the wow factor, which visitors to the show enjoy so much.

This year we have chosen as our theme 'The British Rose', a flower we thought would strike a chord with all gardeners. Think back to your childhood and every garden seemed to incorporate them somewhere, the scent so intoxicating, and still today capable of transporting you back in time. Class 7, which changes every year to reflect our theme, is for one rose, judged for fragrance. Anyone can enter this class, the size of the bloom is immaterial, if you have one highly scented rose then this is the class for you.

Of course there are so many other categories to enter from sweet peas to shallots, cactus to crochet, you will be spoilt for choice. Are you a novice? Don't worry we have classes you can enter, just give me a ring if you need advice.

Don't forget, as gardeners we can do so much to improve our environment. Every flower helps our wildlife, every tree planted helps to reduce air pollution, and all the wonderful displays of flowers and vegetables at our show bring a smile to all our visitors' faces.

So why not grow to show this year, and bring a smile to people's faces.
