Welcome

from Councillor Shelley Powell

Cabinet Member for Communities and Neighbourhoods

Welcome to the 25th Knowsley Flower Show, a very special silver anniversary - we hope you join in the celebrations!

The anniversary flower to celebrate 25 years is the Iris and this year we have a special online exhibition where we have asked the public to send in their Iris photos, so please do take a look on the event website **www.knowsleyflowershow.com**

At this year's Flower Show, our giant floral and vegetable marquee is a blaze of colour and fragrance with lots of lovely exhibits and young people's classes. Many congratulations to all the exhibitors in this year's show; it's fantastic that you continue to enter and impress us year after year.

You will notice on the Pavilion, there is a fabulous attraction; 'Imagine Bamboo is Everywhere' - a project led by the Liverpool City Region to highlight the importance of bamboo as a natural material and we are very proud to host this at our show this year. Marvel at the large scale artworks made from UK grown sustainable bamboo, whilst enjoying music from the Bamboo Orchestra, led by Pagoda Arts with community musicians from across the region.

Enjoy all the usual attractions on site including the West Lancs dog display team who are back by popular demand in our main arena, the Food Makers market - a real celebration of local food, KCC (Knowsley Community Champions)

Live Stage area with live music from local talent, including a dance performance from Britain's Got Talent star, Miguel Doforo! Don't miss the huge Craft Marquee and the Healthy Lifestyles and Environment area in the Forget Me Not Garden. To keep the children occupied check out the free face painting, giant bubbles and Circus Skills in the centre of the park, and on the Pavilion with the Bamboo project is Activity for All's giant darts and military style inflatable!

You will see Knowsley's Youth Cabinet in Buttermere Triangle amongst the garden centres, highlighting the plight of climate change and encouraging people to recycle.

Look out for the walkabout performances - our Strolling Gardeners' and Queen Beatrice as they entertain our crowds.

There are also lots of trade stands on site to tempt you, with plant sellers and growers giving advice and helpful tips on gardening. Please see the map in the centre pages of this programme for a full list of stalls.

I would like to take this opportunity to thank all our partners, sponsors, traders and supporters for their valued contributions towards this year's event.

Enjoy the show!

Councillor Shelley Powell

What's on ...

The Pavilion

imaginebamboo is everywhere

An exciting project taking place across the Liverpool City Region is highlighting the importance of bamboo as a natural sustainable material. Marvel at the large scale bamboo artworks made from UK grown bamboo and enjoy music from the Bamboo Orchestra led by Pagoda Arts. Look out for dance and sports performances and have a go at making your own bamboo pieces in the bamboo crafting zone.

KNOWSLEY TOWN COUNCIL

FACILITIES FOR HIRE

Are you looking for the perfect venue for a meeting or thinking of starting up a new group? Knowsley Town Council provides excellent newly refurbished facilities for hire, ideally suited for both the community and for corporate events, at very reasonable rates.

Community Pavilion, Stockbridge Village

The recently refurbished Community Pavilion is based in Stockbridge Village and is available for use for a wide variety of activities. The building comprises a large main hall, two medium sized community rooms (which can be converted to a larger space) and a small room ideal for meetings. The venue is also suitable for children's parties and other private functions.

The Bob Whitley Community Centre, Knowsley Village

The Bob Whitley Community Centre is based in Knowsley Village and has recently been fully refurbished to modern standards with increased capacity for both community and corporate use. The Centre provides accommodation for local groups and organisations. However, there is still space available for other groups who may be looking for a permanent place to meet. The venue can also cater for children's parties and other private functions.

If you are interested in booking either of the Town Council premises, please contact Heather Weightman or Jane Thomas on 0151 548 4545

The Big Help Project mission is to feed the hungry, help communities overcome poverty and assist people onto a better future. Originating in Knowsley, we provide emergency food and food clubs, money & welfare advice, housing support, recycled paint, employability, and many more services across Merseyside and the UK.

Our Food Clubs provide an alternative to foodbanks and offer better access to affordable essentials, as well as the dignity to select the food and provisions you want. These clubs provide members with inexpensive groceries and household items, offering surplus goods from retailers and wholesalers. These products are often donated because of over production, mislabelling or minor damaged packaging meaning the food is still fit for consumption. By offering this stock through our Food Clubs, we have saved over 260 tonnes worth of food from going to landfill in 2022 – and this year we are on course to double that figure!

It's not just our Food Clubs that help reduce waste – we're trying to reduce the impact of fast fashion too! We encourage people to donate their unwanted clothes, books, small electrical items, furniture, and various other goods to our community shops. Through our shops we offer these pre-loved items at affordable prices, perfect for those on a budget and those hunting for a bargain. Who knows what you might find amongst the shelves!

Our 'Painting Green' project has been running for over 7 years and ticks all the boxes for sustainability. We collect and distribute over 50,000 litres of recycled paint each year which has led to us creating our own brand of recycled paint 'deCOrate'. This is sold at an affordable price to local families and individuals, and it is also donated to community groups to help brighten spaces across our region.

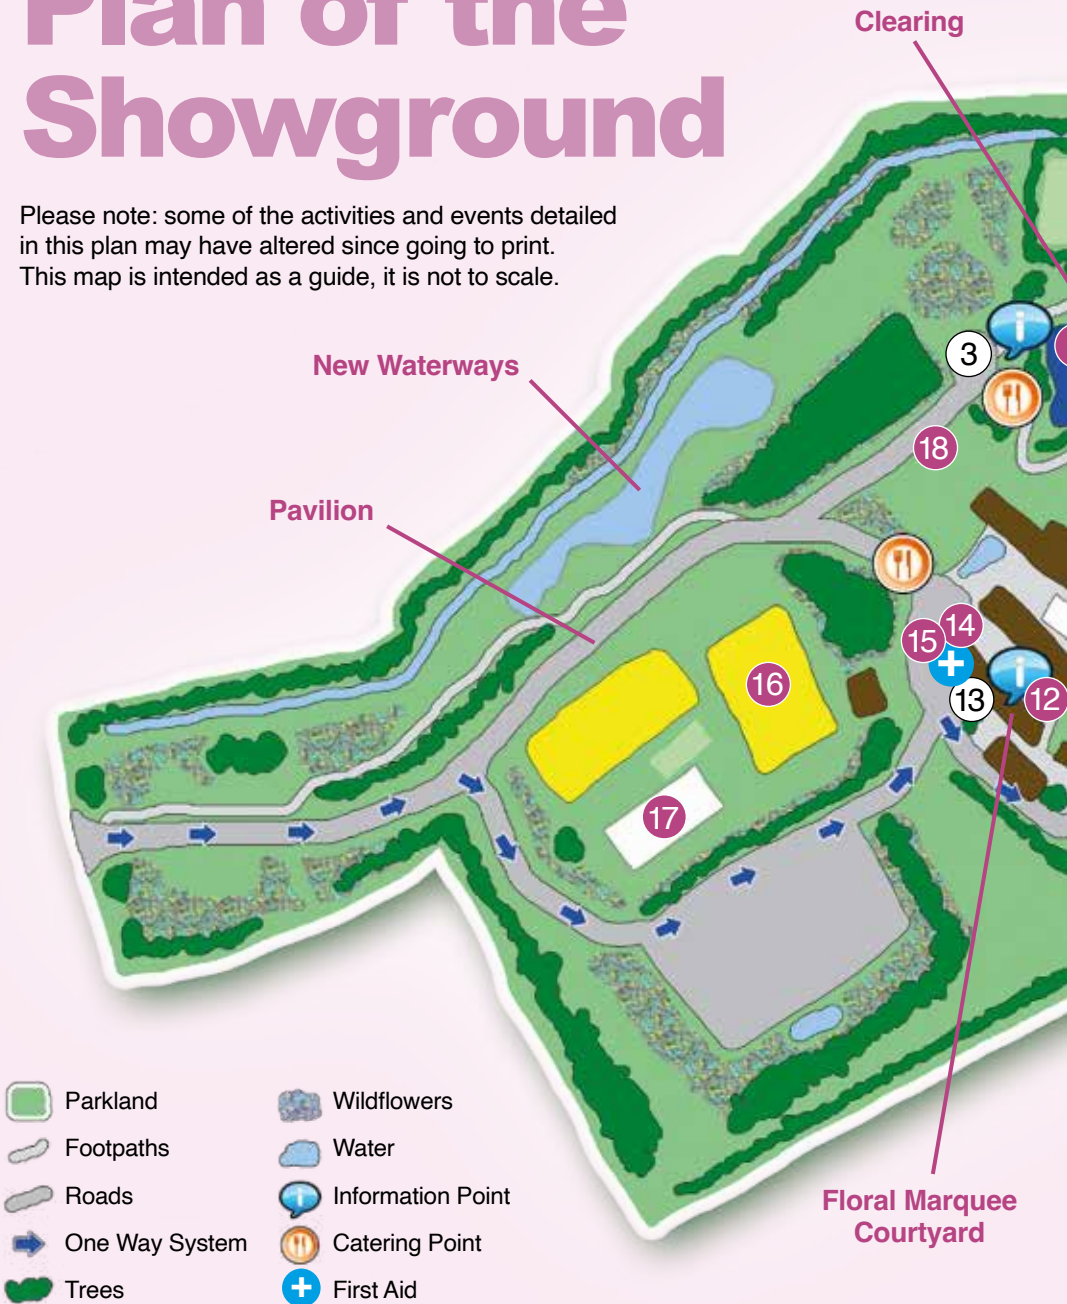

Further developments towards sustainability and our Net Zero target include the use of electric vehicles and bikes within our fleet, electric charge points at several of our offices and warehouses, and the installation of solar panels to generate our own energy at our main offices.

Big Help Project believes in helping the community on all fronts, and that includes preserving the natural environment. We're very proud to be part of the Knowsley Flower Show for another year.
